905 Roosevelt Hwy., Colchester, VT

14 Swanton Road, St. Albans, VT

## A Gift of Lasting Value

Massage will be the gift that keeps on giving as clients enjoy not only relaxation, but the health benefits of massage. In addition to providing relief from anxiety, pain and stress, research shows massage provides beneficial effects to the immune system and lessens the frequency of headaches. While massage may be perceived as a luxury by some, these health benefits are becoming more widely understood as medical professionals increasingly recommend massage for various conditions, especially back pain and sports injuries.
